

Annual Review 2025

For the year ending 31st March 2025

About us

As the UK association for woodland stewardship and care, Small Woods believes in “growing together.”

We are a thriving community with a shared passion for UK woodlands which, when well managed and used, are vital to successful local economies, flourishing wildlife, and the wellbeing of local communities, as well as being hugely valuable in the fight against climate change.

A message from our CEO

This year marks our 25th year as a charity, a milestone made possible by the people around us.

To our staff, members, volunteers, partner organisations and funders – thank you. Your dedication, support and belief in Small Woods ensures our work thrives. Without you, none of this could happen.

Simon James

31,644 ha
UK woodland
represented by
our members

36
staff members

53 ha directly
managed
by us

24 SWA events
attended by **193**
members
