

Managing Ash Dieback

Does your woodland have a problem with ash dieback?

Do you know what to do?

Do you know where to find help and support?

Have you thought about what might replace your Ash in the future?

Would you like to know more?

3rd December 2020

Online via Zoom

Morning Session: 11-12:30pm

Afternoon Session 1:30-3pm

The Small Woods Association and the Forestry Commission have joined forces to bring you an informative and useful event to learn about ash dieback and to discuss the management options for woodlands affected by it.

Morning session:

- Ash Dieback – Ecology and Symptoms, Jon Stokes, Director of Trees, Science & Research, The Tree Council
- Current Spread, Future Severity, Emily Fensom, Woodland Resilience Officer, The Forestry Commission
- Biosecurity Awareness, Robert Sketchley, Biosecurity Outreach Officer, Plant Health Forestry, Forestry Commission

Afternoon session:

- Managing Protected Sites with Ash Dieback, Emma Goldberg, Forestry and Woodland Senior Specialist, natural England
- Resilient restocking, Chris Sorensen, Woodland Resilience Officer, the Forestry Commission
- Ash Dieback in Backhouse Wood, Jim Reid, small woodland owner

If you would like any more information or would like to book a place please email Sonia at soniaroberts@smallwoods.org.uk or ring 01952 432769
